10th Annual System of Systems Engineering Conference

May 17-20, 2015
Hilton Palacio del Rio
San Antonio, TX, USA

Conference Theme:
“SoSE Controls, Modeling, and Simulation”

IEEE System, Man, and Cybernetics Society and IEEE Reliability Society announce the 10th International Conference on System of Systems Engineering (SoSE) with its vast ramifications in numerous engineering fields such as control, computing, communication, information technology and in applications such as manufacturing, defense, national security, aerospace, aeronautics, energy, environment, healthcare, and transportation. The conference theme is “SoSE Controls, Modeling, and Simulation” three areas of significant investment within the public and private sectors as well as being significant initiatives areas of IEEE. Papers on theories, methodologies, and applications of System of Systems Engineering in science, technology, industry, and education are welcome.

Papers should be five to six pages in length, in standard two-column IEEE Conference Proceedings format. We will also accept three-page poster papers (in two-column format). Detailed instructions for paper/poster submission and format can be found on the conference web site (http://www.sose2015.org). Invitations will be made to the authors of the best papers to submit an extended version of papers to the following journals or book chapters for the CRC Taylor-Francis SOSE Book Series:

2. Journal of Enterprise Transformation (http://www.tandf.co.uk/journals/UJET)
4. Journal of Intelligent Computation for Medical Sciences (waccong.org/icmed)
5. CRC Taylor & Francis Books Series on SoSE, Mo Jamshidi, Editor

Keynote Speakers: TO COME
