

June 14-16, 2021, Västerås, Sweden

16th Annual System of Systems Engineering Conference

Conference theme: **Autonomous Cyber-Physical Systems of Systems**

<http://sosengineering.org/>

Highlights

IEEE System, Man, and Cybernetics Society (SMC), in cooperation with the International Council on Systems Engineering (INCOSE), is organizing the 16th International Conference on System of Systems Engineering (SoSE) to be held in Västerås, Sweden, June 14-16 2021.

Systems of systems have vast ramifications in numerous engineering fields such as control, computing, communication, information technology and in applications such as manufacturing, defense, national security, aerospace, aeronautics, energy, environment, healthcare, and transportation. Papers on theories, methodologies, and applications of System of Systems Engineering in science, technology, industry, and education are welcome.

Papers should be five to six pages in length, in standard two-column IEEE Conference Proceedings format. Detailed instructions for paper submission and format can be found on the conference web site.

Invitations will be made to the authors of the best papers to submit an extended version of papers to IEEE Systems Journal and Journal of Enterprise Transformation.
